## Christmas Tree Lighting Ceremony

The Enterprise City Annual Tree Lighting Ceremony was held on Monday, December 2. This year, Community members Ferrell and Mona Phelps were chosen to light the tree. They have been long time residents of Enterprise and have served and contributed to our Community in a variety of ways. Not long ago, Ferrell was recognized for his long time service to the EHS sports programs. He has spent years helping them as timekeeper. Ferrell most recently spent countless hours helping with the construction of the New City Park. Nearly everyday there was something to be done and he was there. This wouldn't have been possible if it weren't for the support of his sweet wife, Mona. Together they have an amazing posterity, with many of them living here in Enterprise. We are grateful to have people like Ferrell and Mona who help make Enterprise a wonderful place to live!

Those in attendance were able to enjoy the music provided by the cute children from Enterprise Elementary and the Singing Sisters. A special thanks goes to Jana Dunford who willingly helps with the elementary children each year. We

appreciate her taking the time from her busy schedule. The Singing Sisters are going on three years of performing at the tree lighting ceremony and listening to them is always a special treat.

The City Offices will be closed on Tuesday, December 24th and Wednesday, December 25th in observance of Christmas. The Offices will also be closed on Wednesday, January 1st for New Year's.

**Merry Christmas and Happy New Year!**

**Effective January 2020, all City Council and Planning Commission meetings will be held at 7:00 PM.**

## Elected City Council

With January around the corner and literally days before they take on their new roles as City Council Members, we would like to introduce your new and returning elected City Council Members. Mayor Humphries is looking forward to working along side them for the next few years.

Jed Gardner was born and raised in Enterprise. He is the son of Kendall and Annette Gardner, and grandson of Sherwood and Winell Bracken and Melvin and Belva Gardner. Jed loves the outdoors and spending the summer with his family exploring dirt roads in their side by side. He is an avid hunter and spends October to December hunting deer

and elk. Jed is married to Karisti and together they have two sons, Broc (16) and Brayden (13), and a daughter, Lainey (9). Jed works for Dixie Power as a lineman. He has served as a coach for his kids several times through the years, including little league and bantam wrestling. He loves this Community that he grew up in and is looking for-

ward to serving on the City Council.

Roy Adams was born and raised in Enterprise. He attended and graduated Enterprise High School. He grew up working with his father and grandfather down on the farm. As he got older, he worked on several farms in our valley. Roy married Kacey in 2003. They have four children ranging in age from

7-15 which keeps them very busy. After starting a family, Roy went to work for South Central Communications where he is still employed today. He would like to thank all of those who voted for him and gave him the opportunity to serve the citizens of our great Community.

Jared Bollinger is grateful to be starting his third term as a member of the Enterprise City Council. He and wife Mandi moved back to Enterprise in 2004 to raise their son Parker in the community that Mandi grew up in and has family in. In January of 2005 he was asked to serve on the Planning Commission. He served there as a commission member and then as the chairman of the Planning Commission. He really enjoyed his time there learning the basics of the zoning laws and ordinances of the City of Enterprise. He continued to serve on the Planning Commission until he was elected to serve on the City Council in January, 2012. Also, in 2012, he and Mandi were blessed

with an addition to their family with the adoption of their son, Easton. Parker is now 16 and Easton is 7. The boys keep them busy with all their activities and Jared and Mandi love supporting them. Jared works for Dixie Regional Medical Center in St. George as the EKG Manager. He also volunteers as an EMT and fire fighter with Enterprise Fire/EMS. When not working or volunteering his time he enjoys hunting, fishing, camping, and traveling with his family. Jared feels very lucky to have had the opportunity to travel to many exciting and exotic places in the world, but he always looks forward to returning home to Enterprise.

## Planning Commission News

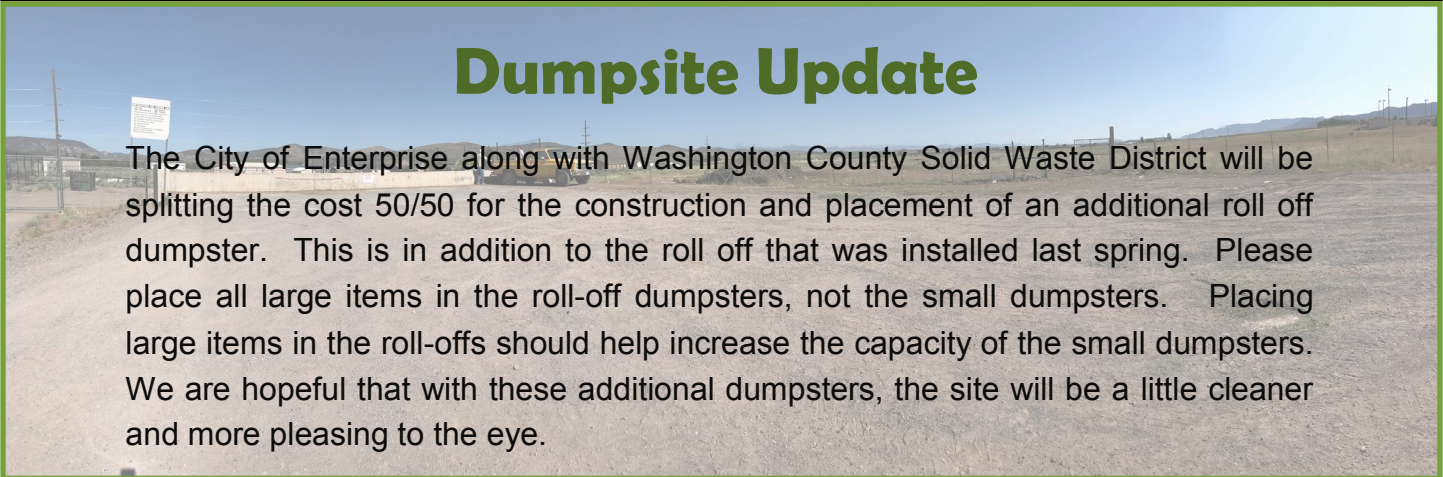

The City would like to thank Julee Evans for her service on the Planning Commission. Thank you for sharing your time and talents with us for the past two years. Best wishes to you in your future adventures! Thanks Julee!

Mayor Humphries has appointed Curtis Rupp to serve on the Planning Commission. Curtis will be completing the remaining year of Planning Commission Member Julee Evans' term. Thank you Curtis for your willingness to serve on the Commission. You will be a great asset to the City. We are looking forward to working with you.

## Dumpsite Update

The City of Enterprise along with Washington County Solid Waste District will be splitting the cost 50/50 for the construction and placement of an additional roll off dumpster. This is in addition to the roll off that was installed last spring. Please place all large items in the roll-off dumpsters, not the small dumpsters. Placing large items in the roll-offs should help increase the capacity of the small dumpsters. We are hopeful that with these additional dumpsters, the site will be a little cleaner and more pleasing to the eye.

# Recreation

City basketball is starting to wind down with the last games being held the 11th of January. It has been a fun season for the youth. Thank you to all the volunteers and coaches that have helped with the league. Look for bantam wrestling sign ups in the near future. Karate sign ups are also going on. You can sign up now at [enterpriserecreation.com](http://enterpriserecreation.com)

## Sports Court Reservations

The sports court has been in high demand especially during the holidays. To help allow more people to have the opportunity to use the building during these times, scheduling will be done in two hour blocks. Also, just a few housekeeping items to keep in mind if and when you use the facility:

No food/drinks with the exception of water allowed in the building.

Only clean shoes/gym shoes allowed on the floor.

No outside chairs allowed in the building.

The floor must be swept **before and after** each use.

Clean up any messes that were made while you were using the building and spot mop any water spills.

If volleyball or pickle ball nets are used, please take them down and see that they are properly stored. Also, please restore all basketball hoops to 10' height.

Turn off the lights and lock the door.

Following these few rules will help keep the facility in great condition and make it more enjoyable for everyone.

Also, the building will be switching to electronic key cards in the next few months. Key cards will be available for purchase. This will make it convenient for those who do not wish to come to the office to obtain a key each time they use the facility. More information to come in the near future.

## CHIRRICK'S MARTIAL ARTS

Enterprise City Karate Program
