## Dog License & Shot Clinic For Dogs and Cats

The Licensing/Shot Clinic will be held on Saturday, February 10, 2018 from 9:30 – 11:00 AM at the Enterprise Fire House located at 350 South 625 East. Dr. Bracken will be the attending Veterinarian.

### Schedule of Cost:

- Rabies: \$18.00
- Parvo/Distemper Combo: \$22.00
- Bordetella: \$32.00
- Combo Feline Leukemia: \$32.00
- Distemper: \$22.00
- Dog Licenses: \$25.00
- Spayed or Neutered: \$10.00

Please bring proof of spaying or neutering to receive the reduced cost for the dog license. Puppies must be 2 months old for the Parvo/Distemper shots and 4 months old for Rabies shots.

## Mayor Buck at Your Service!

Mayor Brandon “Buck” Humphries grew up in Gunlock and enjoyed the many things that come along with living in a small town. He met his wife, Amber (Jones) Humphries here in Enterprise at the Sno Cone Shack, which is now operated by his children. He loves spending time with his wife and five children working on the ranch and attending ball games.

Mayor Humphries was sworn into office on January 2, 2018, and is thrilled to serve as Mayor of Enterprise. He wants to help keep our town a great place for many generations. Don't be afraid to come to him with your concerns. He would love to help resolve any issues that he can help with.

## New City Council Members

City Councilmen, Jared Moody and Ronald Lehm took the Oath of Office at the first City Council Meeting on January 10, 2018. They are very eager to start serving the community in their new roles. They would love to see higher attendance and more Community involvement at City Council Meetings.

## Can We Reach You In An Emergency?

Utility customers, please update your phone numbers with the City. There are many that are eliminating their landlines and only using cell phones. Many have

also changed numbers since signing up for utilities. It is important for the City to be able to reach you in case of emergencies, planned power outages, and

reverse 911 calls. Please give us a call and see if we have your current numbers on file. Thank you for your help with this matter!

Please be generous when you see the Easter Egg Hunt donation buckets in local stores. Please contact Darcy Holt if you would like to volunteer or make a large donation. Thank you!

OCTOBER 9	7:00PM
NOVEMBER 13	7:00PM
DECEMBER 11	7:00PM

## Christmas Tree Lighting Ceremony

Many members of the Community joined together on the chilly night of Monday, December 4<sup>th</sup>, to watch as Gayle Rohde was honored to light the City Christmas tree. Gayle has served many hours for the City, and she can't be thanked enough. As always, the entertainment was amazing. Edie Phelps directed the Children's Choir and the Choralettes (a group of singing women friends) performed. Thank goodness for cookies and hot chocolate that helped keep hands warm and bellies full!

## Amazon Community Rewards

Amazon and South Central have teamed up together to help communities with rewards for Amazon purchases. The funds received through these rewards will be used to

purchase the playground equipment at the Park. You can help if you order through Amazon.com. Ordering through this program does not increase the price of the item(s) that you purchase. Go

to: <http://www.socen.com/communityrewards/> to place your order, so you can help us obtain this additional funding to help with the park.

## City Vehicle Leasing Program

Many of you may have seen City Employees driving new trucks around town. In an effort to save money, the Enterprise City Council has recently adopted a new vehicle program. Under this new program, work trucks will be rented instead of purchased outright. The program allows the City to continue to take advantage of

the state contract pricing, but the trucks are then returned and sold on the private market. The City pays a greatly reduced rental rate, and the trucks are always under warranty. This program has been used with several other government entities, including Washington County, and they all report significant savings.

We hope that this program will save money and improve reliability. Another perk is that the trucks can be "reserved" by members of the community, and then purchased after a year of use. If you have questions or would like to discuss the particulars about purchasing the trucks, please contact the City Office.

## South Central Fiber-Optic project

South Central is taking advantage of this warm winter weather by installing an underground line which will run their services of land line telephone, cable TV,

and internet. Once this project is finished, customers will be able to enjoy much faster speeds of internet with the new Fiberlink. They are trying to

be as un-intrusive as possible. If you notice the project creating any unnecessary impact, please call the City Office at (435) 878-2221.
