We are incredibly grateful for the sacrifices our veterans have made for the freedoms that we all get to enjoy.

Please take some time out of your day to thank a veteran for their service.

It can be a simple, in person thank you., you can drop some cookies off with a nice hand written note, or you can make

an effort to show up to an event that honors our veterans to show your gratitude.

Thank you to our veterans for all that you've done for the wonderful country we live in and for each of us individually. We are eternally indebted to you.

Make sure to save the date so that you can participate in this fun, family friendly Christmas tradition.

Each year, the City Council chooses an individual in

town who has made a positive influence to light the tree.

This is a great way to celebrate these inspirational individuals for everything they do for our community.

Sisters.

Cookies and hot chocolate will be served.

RATE INCREASE ON GARBAGE PICKUP

Washington County Solid Waste approved a 2.5% increase on trash pickup.

This increase will take effect on January 1, 2024, and will be reflected on your February bill.

There will be a 2.5% increase on trash pickup beginning January 1, 2024.

PROHIBITED MATERIAL AT THE DUMP STATION

The dump station continues to be a problem in Enterprise.

There has been an increase in building material being put in the dumpsters at the dump station. This is not an approved use!

If you are building, it is your responsibility to rent a dumpster of your own for construction waste.

When construction materials are placed in the dumpsters from a big project like a build, it limits the room for the rest of the community to dump their household waste.

Construction materials are also not allowed in the burn pile. Only natural materials such as leaves, grass and tree branches are allowed in the burn pile.

Please make sure that larger items such as mattresses and appliances

are only placed in the two bulky item dumpsters at the North and South end of the dump. Do not fill the smaller dumpsters with large materials, it limits the amount of waste that can fit. The smaller dumpsters on the West side of the dump station are for household waste only.

Thank you for following the dump rules, so that everyone in the community can use this service.

HOLIDAY SAFETY-SAFE DRIVING

When the holidays start, traveling spikes.

Use these safety tips from the National Safety Council to insure your family remains safe and injury-free this holiday season.

-Prepare your car for winter and keep an emergency kit with you.

-Get a good night's sleep before departing and avoid drowsy driving.

-Leave early, planning ahead for heavy traffic.

-Make sure every person in the vehicle is properly buckled up no matter how long or short the distance traveled.

-Put that cell phone away; many distractions occur while driving, but cell phones are the main culprit.

-Practice defensive driving.

-Designate a sober driver to ensure guests make it home safely after a holi-

day party; alcohol or over-the-counter, prescription and illegal drugs can cause impairment.

Following these guidelines greatly increases your chances at having a safe and happy holiday season.

Happy Holidays!

Enterprise City is a rural farming community located in Southwest Utah. The area raises some of the best hay, corn and kids. With several nearby lakes, boating and fishing opportunities are easy to find. Enterprise is the kind of place you like to call home and also like to come home to. The mountains also invite with their scenic beauty, atv and hiking trails, as well as some great hunting. At the end of August, Enterprise City hosts it's annual "Corn Fest", where the whole town turns out to celebrate small town life and the bounty that our local farmers produce.

Pioneer Settlers entered the area in the late 1800's and settled a few miles West of present day Hebron. Those industrious pioneers had a grand plan to build a large dam to help store a sizable amount of water for irrigating their crops during the dry summer season. This allowed them to irrigate far more land and to move farming into the broad valley East of Hebron. Soon a new townsite was plotted and most Hebron residents moved to present day Enterprise.
